ABOUT COPELAND

FOR OVER 45 YEARS, Copeland Furniture has been designing and manufacturing high quality, solid wood furniture.

Throughout these decades, we have firmly adhered to three core values:

- **TIMELESS DESIGN**
- **HEIRLOOM QUALITY**
- **AND A GENUINE COMMITMENT TO SUSTAINABILITY.**

As a set of operating principles, this is the antithesis of today's disposable culture where products are intentionally designed and fabricated in such a way as to require frequent replacement. Our furniture is manufactured to be with you for life and to be handed down to future generations. We believe permanence is the essence of sustainability.

The combination of these values, along with our exclusive use of high quality North American hardwoods, results in a discernibly unique aesthetic - a soft, naturalistic contemporary design that brings warmth and life to any living environment.

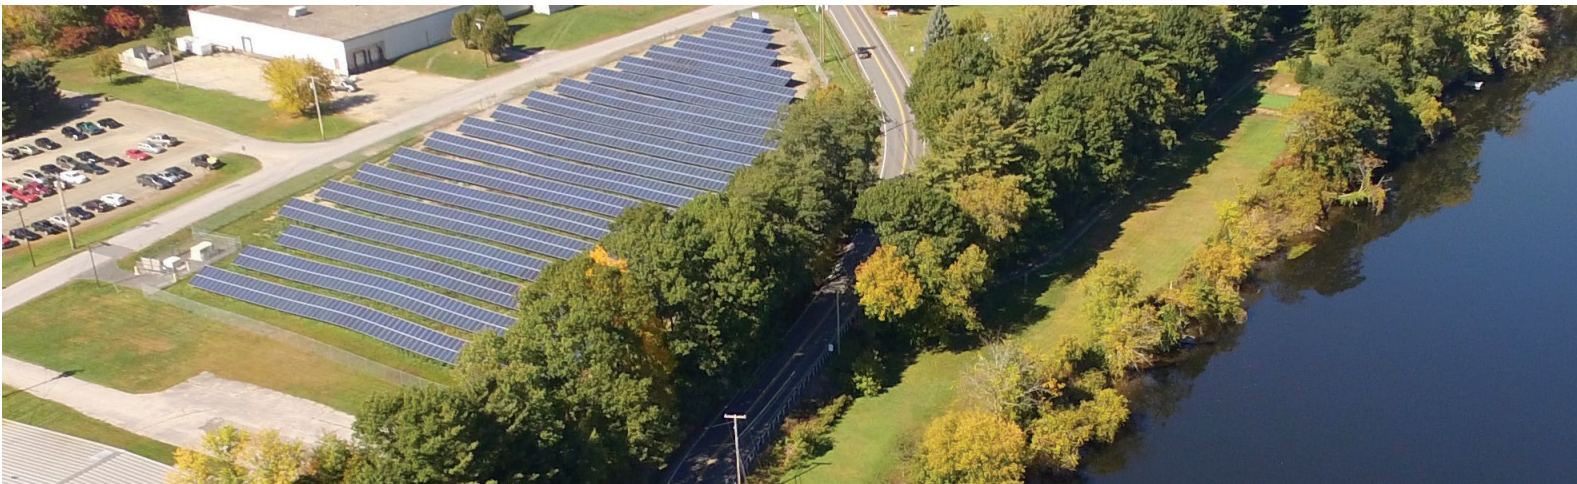

SINCE OUR INCEPTION IN 1975, we have remained committed to Manufacturing in the United States. While some non-wood elements such as glass and metal parts are sourced internationally, the vast majority of our furniture is produced in our factory in Bradford, Vermont. We believe this model allows us to be more responsive to the needs of our retailers, our consumers and our community.

Manufacturing in the United States allows us to provide our customers a wide range of customizable competitive traditions defined more by quality than by price. Whereas many overseas manufacturers compete with one another to strip every penny of cost from their products, American factories have historically sought to outdo each other by providing consumers with the best possible product.

SUSTAINABILITY

Preservation and stewardship are values that run deep in Vermont. We take pride in the quality of the environment and in the natural beauty that surrounds us. Our commitment begins with the raw materials. We use sustainably harvested hardwoods from the American Northern Forest where tree growth currently exceeds removals by a ratio of nearly two to one. Since 1953, the amount of hardwood growing stock in U.S. forests has grown 97.8 percent. We continue our efforts as our modern factory in Vermont makes use of high-tech, energy efficient machinery and is heated with wood waste from our

manufacturing operations, reducing our consumption of oil. We exclusively use low emitting adhesives, finishes and foams for upholstered elements.

In 2016 we installed a 500kw solar array on factory grounds which produces approximately 800,000 kilowatt hours of power per year, an amount equivalent to roughly two thirds of our annual consumption. Based on figures provided by the EPA's eGRID, this offsets nearly one million pounds of CO2 emissions annually.

ENVIRONMENTAL AWARDS / CERTIFICATIONS

SILVER EXEMPLARY MEMBERSHIP STATUS BY THE SUSTAINABLE FURNISHINGS COUNCIL -

Copeland Furniture was awarded Silver Exemplary Membership Status by The Sustainable Furnishings Council (SFC) for meeting a range of sustainability measures.

THE SAGE AWARD FOR ENVIRONMENTAL EXCELLENCE -

We were awarded the Sage Award for Environmental Excellence. The Sage award program was launched by the American Home Furnishings Alliance (AHFA) to recognize environmental accomplishments within the home furnishings industry.

GREENGUARD CERTIFIED FINISHES -

We use catalyzed finishes that are certified for low chemical emissions. GREENGUARD certification is a testing program of UL (Underwriters Laboratory) focusing on the issue of indoor air quality.

CertiPUR-US® CERTIFIED FOAMS -

All our foams meet CertiPUR-US® program standards for content, emissions and durability, and are analyzed by independent, accredited testing laboratories.

BEDROOM COLLECTION

**A GOOD NIGHT'S SLEEP BEGINS
WITH A CLEAN, ORDERLY ROOM.**

One of the more neglected spaces in our houses, a well-designed bedroom – inviting and free of unnecessary clutter – reduces anxiety and increases relaxation. All of our bedroom designs are informed by the principles of simple, soft modernism that releases the natural characteristics of our select hardwoods.
