CUBED DARK WOOD
AN HOMAGE TO SCANDINAVIAN MODERNISM

Rooted in Scandinavian design traditions, Cubed reflects a timeless balance between craftsmanship and functionality. Every detail is thoughtfully refined - from the precise joinery to the carefully tailored comfort. Designed to be visually striking from every angle, Cubed embodies the essence of refined comfort, meticulous construction, and effortless usability. A sleeper sofa crafted with the same attention to detail as fine cabinetry - where simplicity evolves into sophistication.

CUBED DARK WOOD

Design by Per Weiss, Oliver & Lukas WeissKrogh 2009, 2015

Bed sizes: 55"x79" & 63"x79" | Solid wood frame with No-zag Spring comfort, see page 94 | Legs in dark lacquered oak | Bedding box | Shown in 527 Mixed Dance Natural | Shown fabrics: 1-3 weeks delivery time | Other fabric options with 14-16 weeks delivery time, see pages 97-98 | Scan the QR code to see additional features on our website.

Quick ship fabrics | 1-3 weeks delivery time

CUBED WOOD IS AVAILABLE IN TWO DISTINCTIVE WOOD FINISHES, EACH EXPRESSING ITS OWN CHARACTER.

Choose the light oak for a classic Scandinavian look - bright, natural, and timeless - or the dark lacquered wood for a richer atmosphere that adds depth and warmth. Both are crafted with the same attention to detail, allowing you to match the expression to your personal style and home.

CUBED WOOD

Design by Per Weiss, Oliver & Lukas WeissKrogh 2009, 2015

**CUBED WITH ARMS**

A COMPACT SOFA WITH A REFINED, MODERNIST CHARACTER.

With its super-slim arms and dynamic silhouette, the design reflects both craftsmanship and comfort. Drawing inspiration from the modernist movements of the 1950s and 60s - themselves an evolution of the Bauhaus principles - it unites clarity of form, honest functionality, and human comfort in a piece made to enrich any contemporary interior.

CUBED WITH ARMS

Design by Per Weiss 2009, 2015

DOUBLE SPRING UNMATCHED COMFORT

We've redefined the sleeper sofa experience, merging refined craftsmanship with advanced sleep technology.

Our innovative no-zag suspension system and precision-engineered pocket spring core are enveloped in a high-resilience, OEKO-TEX® certified foam layer for unmatched comfort and durability.

This double spring construction delivers a unique balance of support and softness - a hallmark of sophisticated design and superior rest.

Choose Neah, Vilander, or Newilla to indulge in ultimate spring comfort and elevate your living space into a haven of contemporary luxury.

NEAH WITH STANDARD ARMS

Designed as a timeless archetype, yet imbued with sophisticated multifunctionality and exceptional comfort.

A refined expression of modern living, where classic form meets intelligent design to create a piece that feels both familiar and new.

EXPLORE THE NEAH FAMILY AND ELEVATE YOUR LIFESTYLE.

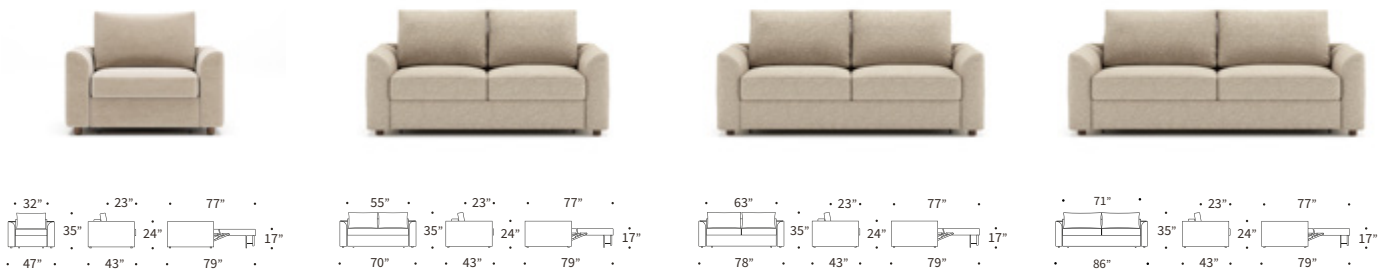

Neah’s versatility is enhanced by its size and design options. Choose from four sizes, three distinct arm styles and a selection of fabric options. Choose the Slim arms for compact spaces, Standard arms for a classic look, or Curved arms for a touch of sophistication. Neah seamlessly integrates with any interior design vision.

Neah | Slim arms

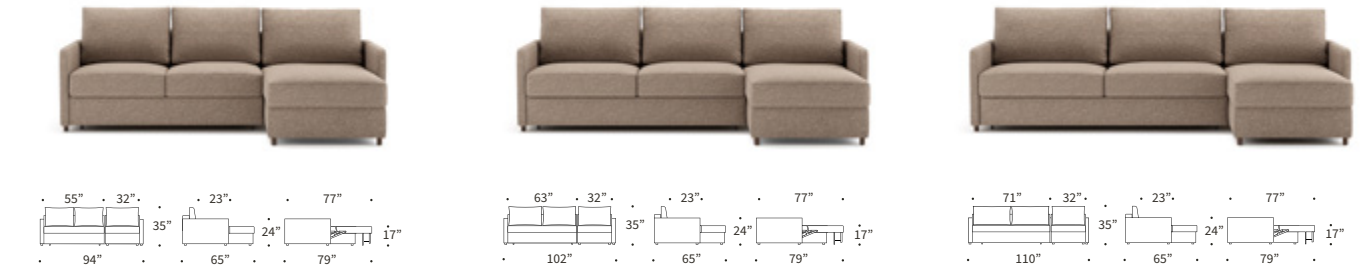

Neah | Standard arms

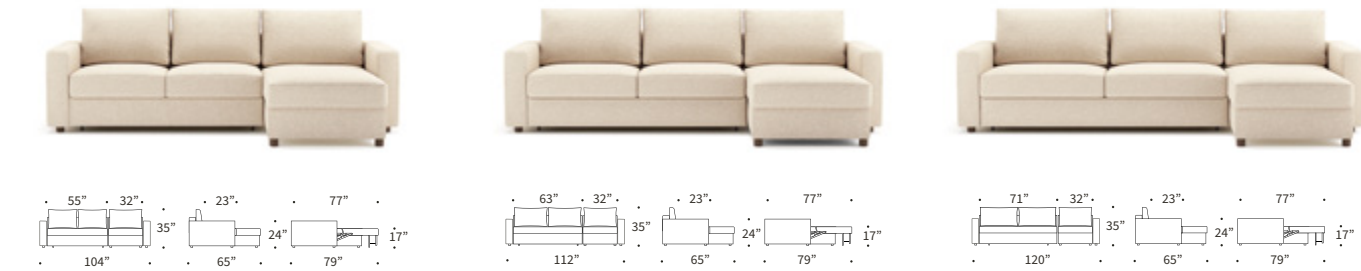

Neah | Curved arms

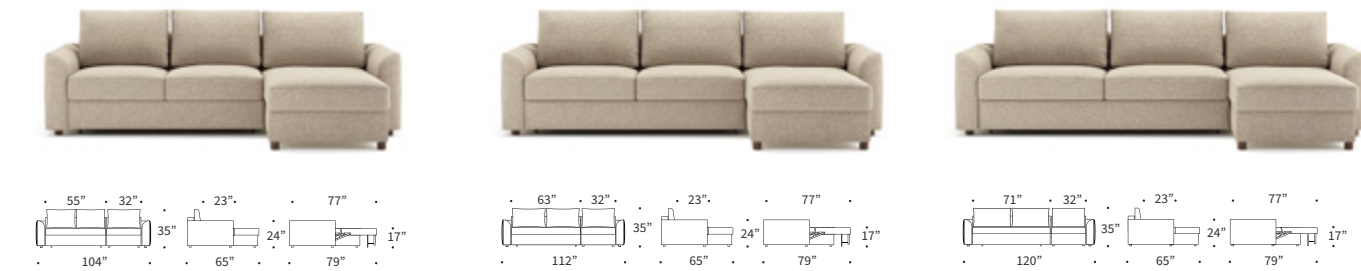

The Neah Lounger provides excellent versatility, with three sizes and multiple design options. The lounger feature not only adds extra comfort, but is also left/right reversible and includes a spacious storage box, making it both practical and cozy for relaxing. Its thoughtful design allows it to seamlessly fit into various spaces while maintaining style and functionality. For added customization, you can choose Slim arms for compact spaces, Standard arms for a classic look, or Curved arms for a more sophisticated touch.

ENVIRONMENTAL CONSIDERATIONS

We contribute to the balance of the global ecosystem by planting more than 10.000 trees every year to compensate for our consumption of wood.

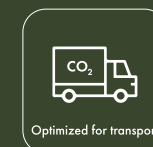

We thoughtfully select all materials, considering their overall quality and the sustainability profile of the product.

An increasing part of our collection comes with detachable and washable covers.

Our production facilities are FSC®-certified.

Our designs and packaging are optimized to ensure minimized CO₂ emissions in relation to transport and storage.

Our design strategy allows for easy replacement of components to prolong a product's life cycle.

Amfori BSCI enhances global supply chain social compliance via a common code.

We offer a 5-year limited warranty, as we want to ensure that all our products have a prolonged lifespan.

CARNELL WITH SLOPE ARMS
EFFORTLESS TRANSFORMATION, REFINED COMFORT

With the Carnell design, transforming from sofa to bed happens in one smooth, intuitive motion. Say goodbye to the hassle of removing cushions - Carnell's intelligent design conveniently stores both seat and back pillows within the frame, creating a seamless transition from day to night.

A dual memory foam mattress delivers exceptional comfort and support for a truly restful sleep, while the removable, machine-washable cover adds a thoughtful layer of everyday practicality.

Carnell combines modern functionality with refined craftsmanship - a sofa bed designed to make life beautifully simple.

ATTENTION TO INCOMPARABLE QUALITY AND SUSTAINABILITY IS YOUR ASSURANCE OF EXCELLENCE

As consumers, we are obliged to reassess our consumption habits. Our collective will to prioritize durable quality products that we want to retain over time is crucial, as it is the most efficient way to minimize resource consumption and pollution.

As a global supplier of upholstered furniture, our commitment lies in crafting products that are optimized for both aesthetics and quality, ensuring a prolonged lifespan.

Each design is made to withstand the test of time and come with our 5-year limited warranty for peace of mind.

An Innovation Living™ product goes beyond furniture, it represents a lasting investment in design, comfort, and durability.

GROWING A GREENER FUTURE

In an effort to contribute positively to the balance of the global ecosystem and mitigate the environmental impact of our operations, we have instituted a comprehensive reforestation initiative.

Recognizing the critical importance of sustainable resource management, particularly concerning wood consumption, we are committed to planting in excess of 10,000 trees annually.

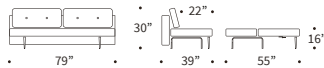

This initiative goes beyond offsetting our consumption. It is a tangible expression of our commitment to environmental stewardship and promotion of biodiversity. The selection and planting of trees are conducted under the strict supervision of a certified forester.

VERSATILITY MEETS ELEGANCE WITH NEWILLA.

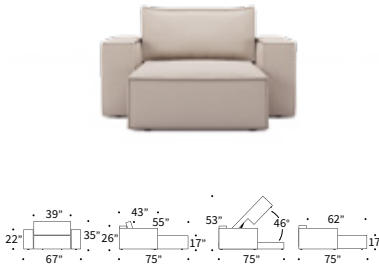

This exceptional sofa offers three distinct arm designs tailored to your preferences. Choose the Slim arms for compact spaces, the Standard arms for a classic touch, or the Wide arms with optional walnut veneer trays, transforming the armrests into functional side tables, for a contemporary look. The choice is yours, and each design adds a touch of sophistication to your living space. To add the reversible lounger, simply insert it left or right between the sofa and armrests, and create a stylish sectional sofa ideal for any modern living room setting.

CRAFTSMANSHIP, QUALITY AND LONGEVITY

Beyond design, we prioritize exceptional craftsmanship and premium materials, ensuring timeless aesthetics and reliable performance. Our mission is to create long-lasting products that seamlessly combine functionality, comfort, and beauty.

For more than 30 years, flat-pack design has been at the core of our ethos, reflecting our commitment to sustainability, efficiency, and durability. This approach reduces CO₂ emissions, optimizes storage, and minimizes transport-related damage.

Flat-pack design also fuels innovation through modular components, enabling easy assembly, maintenance, and repair, while readily available spare parts extend each product's lifespan and promote sustainable consumption.

COMFORT IS ALWAYS AT THE CENTER OF OUR ATTENTION

COMFORT & QUALITY

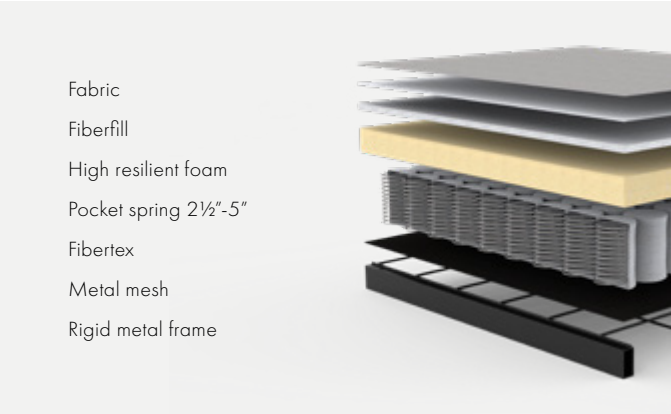

In the development of our sleeper sofas, we prioritize both seating and sleeping comfort while adhering to functional principles. Each design presents unique challenges in achieving the optimal level of comfort. Our goal is to offer a diverse assortment that acknowledges the significant variations in individual comfort preferences.

To this end, our product range extends from sleek, elegantly designed sofas offering a firmer comfort level to larger, more voluminous options characterized by softer comfort. This approach ensures that we cater to the varied tastes and needs of our customers, providing them with a selection that meets their specific comfort requirements.

POCKET SPRING

The individual pockets in these models ensure that pressure is applied to each individual spring for optimal support - in seating as well as sleeping position. The high resilient foam casing contributes to a breathable mattress while providing a soft top support.

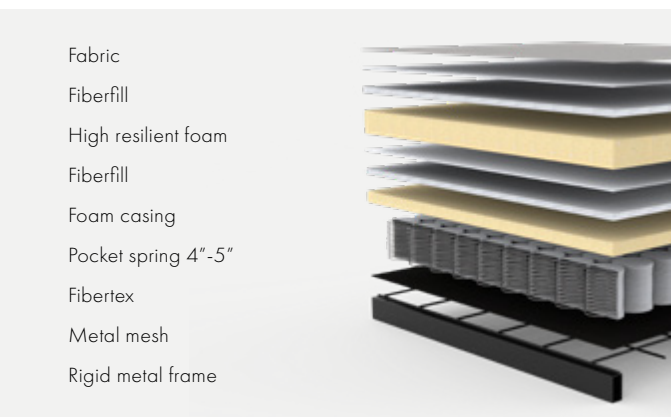

The following models have this comfort:
Recast, Unfurl

POCKET SPRING DUAL

The Pocket Spring Dual comfort share the general composition of the Pocket Spring models apart from the extra layer of hyper soft foam that gives these sofa beds an extra soft feel. This extra layer of luxury provides a soft seating and sleeping comfort.

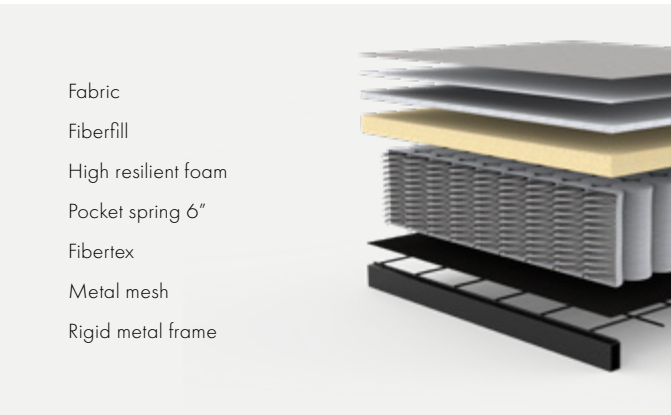

The following models have this comfort:
Cone, Cornila, Osvald

EXCESS POCKET SPRING

The higher coils in the Excess Pocket Spring models provide a softer sofa comfort. In combination with the core foam casing, the Excess mattress has higher absorption of pressure on each spring for a more comfortable sleep.

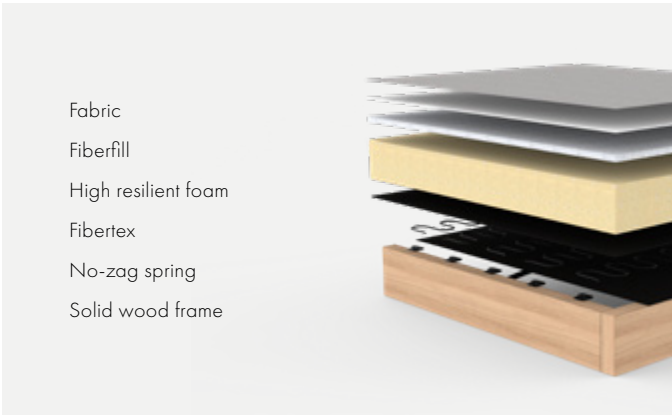

The following models have this comfort:
Cassius D.E.L., Ran D.E.L., Supremax D.E.L.

NO-ZAG SPRING

The solid wood frame with no-zag springs and thick layer of high resilient foam provide an even and soft seating as well as sleeping experience.

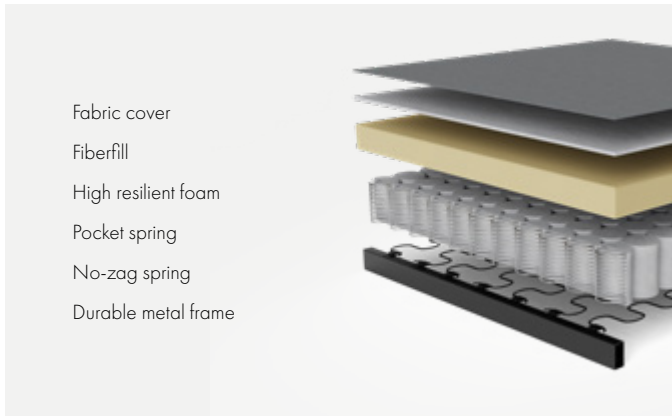

The following models have this comfort:
Cubed Chrome, Cubed Dark Wood, Cubed with arms, Cubed Wood

DOUBLE SPRING

Durable metal frame with a unique combination of no-zag and pocket springs topped with high resiliant foam. A mattress construction that offers a soft and inviting top as part of a unique sitting and sleeping comfort.

The following models have this comfort:
Neah and Vilander

NO-ZAG AND POCKET SPRING

The combination of a solid wood frame with no-zag and pocket springs with a hyper soft foam on top create a unique softness in seating as well as sleeping position. The use of no-zag spring contributes to an extra layer of elasticity and allows the mattress to breathe.

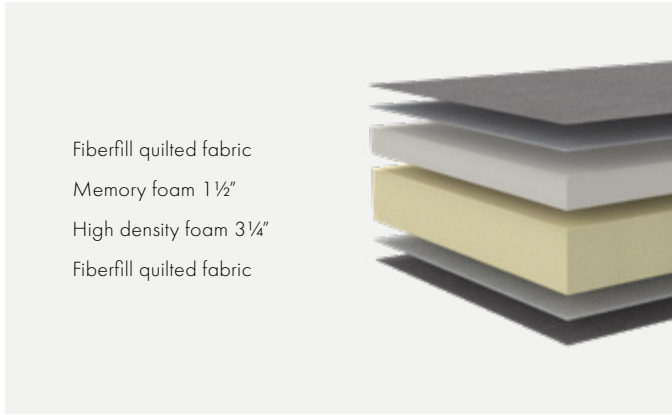

The following models have this comfort:
Newilla, Newilla Lounger, Newilla Lounger Chair

DUAL MEMORY

The Dual Memory mattress features two comforts in one as the mattress is reversible with one side consisting of a 3¼" high density foam whilst the other side consists of 1½" memory foam. Whether you prefer soft or firm comfort this mattress offers both. Further, the cover is removable and can be washed at 140°F/60°C.

Available for:
Carnell

PILLOW TOPPERS

47" / 55" / 63" / 71" x 79".
A 2" durable and reversible pillow topper with a core of 55 lbs polyether foam that provides an even and supportive resting surface on all adjustable sofa beds. The cover is 100% polyester which is breathable, removable and machine washable at 140°F/60°C.

The pillow topper comes with a wrap for easy storage when not in use. The wrap helps minimize the volume of the topper for better storage.

CURATED FABRICS

At the heart of each design lies the fabric covering, a pivotal element influencing both aesthetics and durability. We carefully curate our fabric assortment, blending the latest trends with enduring commercial fabrics to offer a diverse range of options.

Each fabric undergoes rigorous testing by independent and accredited laboratories for durability, colorfastness, pilling, and other essential factors to ensure longevity and performance. Crafted primarily from polyester fibers, our fabrics boast exceptional strength and resilience.

For added functionality, we present a selection of performance fabrics and a performance fabric treatment engineered to safeguard against spills and stains, enhancing the lifespan of your furniture. Moreover, our fabrics are fluorine-free and OEKO-TEX® certified, prioritizing sustainability and safety.

FABRIC COLLECTION

Fabric options with approximately 14-16 weeks delivery time.
Fabric specifications please see below.

Stocked fabric options from our US warehouse:
The individual product pages display the stocked fabric options
available from our US warehouse with 1-3 weeks delivery time.

All fabrics on page 97 are machine washable at 86°F/30°C if
the sofa bed is designed with detachable covers.

Please note that the printed presentation of the fabric texture
and colours may vary from the actual fabric.

Flammability:
Innovation Living™ products meet the flammability
requirements of California Bureau of Household Goods and
Services, Technical Bulletin 117-2013 and 16 CFR 1632.

No added flame retardant chemicals/toxins known to the
State of California to, or strongly suspected of, adversely
impacting human health or development have been used in
our products.

PROTECT YOUR SLEEPER SOFA WITH A
PERFORMANCE FABRIC TREATMENT.

Performance fabric treatment is available as an optional feature on all
special orders, with a delivery time of 14– 16 weeks.

Master Cabinetmaker Fabric Protection is a professional textile treatment
designed to protect your furniture against stains from food and beverages.

The treatment provides a stain-repellent effect, making fabrics easier to
clean, as spills and stains do not adhere as easily to the fibres.

Master Cabinetmaker Fabric Protection also helps prolong the life of the
fabric by slowing down the natural fading process, keeping your furniture
looking new for longer.

ADARIO FABRICS
CULP LiveSmart Evolve performance fabrics
65% polyester / 35% recycled polyester

HALIFAX FABRICS
CULP LiveSmart performance fabrics
100% polyester

OUR SELECTION OF PERFORMANCE FABRICS | OUTSTANDING COMFORT WITH A SAFE FINISH

While other brands offer textiles with performance fiber OR finish, LiveSmart combines both to give our fabrics unmatched durability and longevity. LiveSmart fabrics are produced exclusively with performance yarns that are encapsulated with a stain-repellent and moisture-repellent finish for exceptional cleanability. Developed with years of research and testing, LiveSmart technology provides lasting performance at a great value. All our fabrics meet or exceed standards for ASTM performance and safety. Check out our resources page for more information about LiveSmart technology.

RECYCLED FIBERS	FLUORINE FREE	MOISTURE REPELLENT	STAIN RESISTANT	HEAVY DUTY
Made with 35% recycled fibers. (Only Adario fabrics)	PFAS free fabric that offers protection down to the performance yarn.	Innovative chemistry that repels water and moisture while allowing air to flow freely.	Stain technology that goes beyond preventing stains to resisting them.	Durability that ensures your fabric looks as beautiful as the day you bought it.

PROTECTION MADE TO LAST | CLEAN FURNITURE IN AS LITTLE AS THREE STEPS

Step 1: Mix	Step 2: Blot	Step 3: Rinse
Use a water based soap mixture that combines 1 tablespoon of a liquid detergent such as Tide with 16 ounces of lukewarm water.	Dampen the cleaning cloth in the mixture and gently blot the soiled area. Avoid rubbing the affected area aggressively.	Rinse the area with a clean, damp cloth to ensure that all of the soap residue has been removed.
Liquid spills	Non-liquid spills	
Stains, wine, coffee, milk, blood, soda, beer, urine, tea, juices, Kool-Aid.	Ketchup, ice cream, chocolate syrup/chocolate, salsa, jelly, Crayola magic marker, dirt/mud, pizza sauce, nacho cheese.	

For superior cleanability, LiveSmart fabrics combine unmatched stain resistance and moisture repellency. Watch your spills bead up, as our innovative barrier protection prevents messes from penetrating fabric. Cleanup is transformed to an easy swipe of a paper towel. * The removal of dried non-liquid spills may require the use of a soft brush or butter knife on the affected area before following with wet treatment.

OEKO-TEX®
CERTIFIED

All of our foam and fabrics are OEKO-TEX® certified.

OEKO-TEX® is one of the world’s best-known labels for textiles that have been tested for harmful substances to ensure customer confidence and high product safety. By adhering to this certification, we demonstrate our unwavering dedication to producing safe, high-quality, and environmentally responsible furniture for our customers.

The stringent criteria of OEKO-TEX® for testing against harmful substances include:

- Compliance with important legal regulations, such as banned azo colorants, pentachlorophenol, per fluorinated substances (PFAS, PFCs), cadmium, lead, etc.
- Testing for numerous harmful chemicals, even if they are not yet regulated legally.
- The certification criteria cover numerous substance classes that are relevant to the environment.
- Compliance with several global regulations, including REACH Annex XIV and XVII, US CPSIA (lead), EU POPs regulation.
- All textile-relevant substances of the ECHA SVHC candidate list are covered.
